Obituario

Recibimos la infausta noticia del deceso del profesor Sergio Hernández. Sergio fue un destacado profesor de la Universidad Veracruzana que durante su vida cosechó muchos éxitos en su labor así como admiración de alumnos y amistad de todos sus colegas. El se desempeñó como director y secretario en su facultad y fue presidente de la Sociedad Mejicana de Estadística, a la que le insufló su estilo de trabajo, impulsando la celebración de congresos, conferencias y seminarios. Su actividad como miembro del Comité Editorial de nuestra revista fue ejemplarizante.

Deja Sergio un espacio vacío entre familiares y amigos que no podrá ser ocupado por nadie.

REPORT OF THE 13TH INTERNATIONAL WORKSHOP ON OPERATIONS RESEARCH⁺⁺, HELD IN HAVANA MARCH 12-15, 2019

The workshop, was Organized by Universidad de La Habana and Université Paris 1, Panthéon-Sorbonne. It took place in Habana Vieja (Old Havana) installations being part of the activities honouring the 500 anniversary of the foundation of the city. The opening was developed at Aula Magna of Colegio San

Gerónimo, Universidad Marques de where to the auto-Cuban by the important well as some and fighters The from Chile, Finland, and Russia. Cienfuegos,

placed in the original place of de La Habana, founded in 1728. The Arcos Palace. This is an historic place “criollos” intellectuals gave impulse recognition of the existence of the nationality. The encounters organized Marquis, among he attendants where creators of Cuban poetry, music as key persons who became organizers for the independence of the country. participants in the workshop came Colombia, Costa Rica, Ecuador, France, Germany, Mexico, Morocco, Cuban institutions of the provinces of La Habana, Las Tunas, Matanzas,

Opening of the Workshop at Aula Magna of Colegio San Geronimo Pinar del Rio and Sancti Spiritus.

The workshop highlighted that Cuban community celebrated the 250 Anniversary of the birth of Alexander von Humboldt, who s considered as the second discover of Cuba, due to his studies of Cuba’s flora, fauna and society.

This edition included the topics of Artificial Intelligence and Big Data because of the nowadays role of them in Operations Research.

The program was structured on the basis of Plenary and Main lectures as well as contributions and posters. The plenary lectures were delivered by the rector of Universidad de La Habana, Prof.Dr. Miriam Nicado (Cuba), Jaime Miranda (Chile), Iwo Grösse (Germany), Agustin Lage (Cuba), Didier Aussel (France), Pierre Lamirel (France) and Alexander Gutermann (Russia). The delegates delivered 56 contributed talks. A session

was devoted to honour late professor Jürgen Guddat, co-founder of the series of scientific meetings on Operations Research in Cuba

The workshop included a visit to the Academia de Ciencias de Cuba, which buildingis located in a luxurious XIX building. The closing of the workshop was a tour. It began in the Templete, where the foundation of the city was celebrated with a mass, five centuries ago. It moved around emblematic sites of the city ending
